Society for Bacteriophage Research and therapy (SBRT) cordially invites you all for the II International Conference on Bacteriophage Research in virtual mode on 22nd, 23rd & 24th of July 2021.

The aim of this conference is to bring researchers, professors and university students from both academia and industry together to share new knowledge, and foster and strengthen collaboration. This conference provides an ideal opportunity to meet fellow members from multidisciplinary scientific community working on bacteriophages. The first day of the virtual conference is dedicated to Oral and Poster presentation, while the two other days cover all other fields of research and application of bacteriophage, with both plenaries and parallel keynote sessions

Call for Abstracts

SBRT invites the submission of papers, presentations, and posters for the conference. The selected abstract / paper will be published in International journal of bacteriophage research for free.

Call for awards

SBRT invites scientist to nominate for different categories of awards.

AWARD CATEGORIES

1. Life time achievement awards in the field of bacteriophage
2. Young scientist awards in the field of bacteriophage under different fields (≤50 Years)
3. Outstanding scientist awards
